NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
AND PROXY STATEMENT

NOTICE

Notice is hereby given that the Annual Meeting of Stockholders of Northrop
Corporation (the "Company") will be held on Wednesday, May 18, 1994, at 10:00
A.M. at the Sheraton Los Angeles Airport Hotel, 6101 West Century Boulevard, Los
Angeles, California 90045 for the following purposes:

- (1) To elect four Class III directors to hold office for three years and
until their respective successors are elected and qualified.

- (2) To consider and act upon a proposal to ratify the appointment of Deloitte & Touche as the Company's independent auditors.
- (3) To consider and act upon a proposal to amend the Northrop Corporation Certificate of Incorporation to change the corporate name to Northrop Grumman Corporation.
- (4) To consider and act upon such other business as may properly come before the Annual Meeting or any adjournments thereof.

Stockholders of record at the close of business on March 22, 1994, are entitled to receive notice of and to vote at the Annual Meeting.

By order of the Board of Directors,

SHEILA M. GIBBONS
CORPORATE VICE PRESIDENT AND SECRETARY

1840 Century Park East
Los Angeles, California 90067
April 18, 1994

IMPORTANT

TO ASSURE YOUR REPRESENTATION AT THE ANNUAL MEETING, PLEASE SIGN AND MAIL PROMPTLY THE ENCLOSED PROXY FOR WHICH A RETURN ENVELOPE IS PROVIDED. NO POSTAGE IS REQUIRED IF MAILED IN THE UNITED STATES.

PROXY STATEMENT
GENERAL INFORMATION

This Proxy Statement, which is part of the accompanying Notice of Annual Meeting of Stockholders, is furnished in connection with the solicitation, by the Board of Directors of Northrop Corporation (the "Company"), of proxies to be used at the Company's 1994 Annual Meeting of Stockholders (the "Annual Meeting") and at any and all adjournments of such Annual Meeting. If a proxy in the accompanying form is duly executed and returned, the shares represented by such proxy will be voted as indicated. Any person executing the proxy may revoke it prior to its exercise. Unless otherwise directed in the accompanying proxy, the persons named therein (or their substitutes) will vote FOR the election of the four director nominees listed below under "Election of Directors" and FOR the proposal to ratify the appointment of Deloitte & Touche as auditors of the Company for the year ending December 31, 1994. As to any other business which may properly come before the Annual Meeting, the named proxies will vote in accordance with their best judgment. The Company does not presently know of any other such business.

At the close of business on February 22, 1994 there were 49,132,906 shares of Common Stock of the Company, par value \$1.00 per share (the "Common Stock"), outstanding. Only holders of record of Common Stock at the close of business on March 22, 1994 are entitled to notice of, and to vote at, the Annual Meeting or any adjournment thereof. Each share of Common Stock is entitled to one vote. Proxies for shares marked "abstain" on a matter will be considered to be represented at the meeting, but not voted, for these purposes. Shares registered in the names of brokers or other "street name" nominees for which proxies are voted on some but not all matters will be considered to be represented at the meeting, but will be considered to be voted only as to those matters actually voted.

The principal office of the Company is located at 1840 Century Park East, Los Angeles, California 90067. This Proxy Statement and the form of proxy will be sent to stockholders commencing approximately April 18, 1994.

VOTING SECURITIES

The following table lists the beneficial ownership of each person or group who, as of December 31, 1993, owned to the Company's knowledge more than five percent of the Company's Common Stock then outstanding.

NAME AND ADDRESS OF BENEFICIAL OWNER	AMOUNT AND NATURE OF BENEFICIAL OWNERSHIP	PERCENT OF CLASS
Bankers Trust Company (a)..... 400 So. Hope Street, Los Angeles, CA 90071	6,149,445 shares (b)	12.6%
U.S. Trust Company of California, N.A. (c)..... 555 So. Flower St., Los Angeles, CA 90071-2429	7,574,800 shares (d)	15.5%
Wellington Management Company..... 75 State Street, Boston, MA 02109	3,921,310 shares (e)	8.0%

- (a) Bankers Trust Company is Trustee (the "Trustee") under the Northrop Corporation Employee Benefit Plans Master Trust (the "Trust").
- (b) These shares are held under the Northrop Savings Plan, the relevant portion of which is an Employee Stock Ownership Plan, for the account of (but not beneficially owned by) the Trustee. The Trustee votes these shares in accordance with instructions received from the employee-participants in such Plan to whose accounts the shares have been allocated. Undirected shares are voted in the same proportion as shares for which instructions are received.

1

- (c) U.S. Trust Company is an Investment Manager (the "Investment Manager") for the Northrop Retirement Plan and the pension plans for certain divisions of the Company (the "Retirement Plans"); under the Trust, the Investment Manager has responsibility for the management and control of the Northrop shares held in the Trust as assets of the Retirement Plans.
- (d) These shares are held for the account of (but not beneficially owned by) the Trustee. The Investment Manager has voting power over these shares, except in the event of a contested election of directors or in connection with a tender offer. In such case the shares are voted in accordance with instructions received from eligible participants in the Retirement Plans. Undirected shares are voted in the same proportion as shares for which instructions are received.
- (e) This information was provided by Wellington Management Company ("WMC"). According to WMC, as of the date set forth above, WMC had shared dispositive power over 3,921,310 shares but shared voting power over only 911,160 shares.

STOCK OWNERSHIP OF OFFICERS AND DIRECTORS

The total number of shares of Common Stock beneficially owned by directors, nominees and Named Executive Officers and all directors and executive officers as a group at the close of business on February 22, 1994 was as follows:

<FN>

- * Denotes ownership of less than 1% of the outstanding shares
- (1) Includes shares which, as of March 15, 1994, may be acquired within sixty days pursuant to the exercise of options (which shares are treated as outstanding for the purposes of determining beneficial ownership and computing the percentage set forth); shares held by trusts of which directors and their wives are trustees; shares held by a trust in which an officer and director is trustee; Restricted Award Shares held by the Named Executive Officers, issued pursuant to the Long-Term Incentive Plans, which shares carry voting and dividend rights; and shares held as of December 31, 1993 in the Northrop Savings Plan for the benefit of officers.

2

ELECTION OF DIRECTORS

Under the Company's Certificate of Incorporation, which provides for a classified Board of Directors, four directors in Class III will be elected at the 1994 Annual Meeting to hold office for three years until the 1997 Annual Meeting of Stockholders and until their successors have been duly elected and qualified. Unless instructed otherwise, the persons named in the accompanying proxy (or their substitutes) will vote the shares represented by such proxy for the election of the four Class III Director Nominees listed in the table set forth below. In case any of such nominees shall become unavailable for election to the Board of Directors, an event which is not anticipated, the persons named as proxies (or their substitutes) shall have full discretion and authority to vote or refrain from voting for any other nominee in accordance with their judgment.

The following information, furnished with respect to each of the four nominees for election as a Class III director, and each of the five Class I and five Class II directors whose terms will continue after the Annual Meeting, is obtained from the Company's records or from information furnished directly by the individual to the Company. All the nominees are presently serving on the Board of Directors. It is the Company's policy that members of the Board of Directors are ineligible to stand for election to the Board of Directors if they will have attained age 70 by the date of the Company's Annual Meeting of Stockholders at which such election is held.

He earned his M.S. in Engineering from the University of California at Los Angeles in 1961 and was with the Naval Electronics Laboratories in San Diego from 1960 until 1975. In 1971, Dr. Slaughter was awarded a Ph.D. in Engineering Sciences from the University of California at San Diego. In 1975, he joined the University of Washington as a director of the applied physics laboratory and became academic Vice President and, later, Provost of Washington State University from 1979 to 1980. During this period, Dr. Slaughter was also associated with the National Science Foundation, first as Assistant Director and, later, as Director. From 1982 through 1988, he was Chancellor of the University of Maryland and in 1988 he became President of Occidental College. Dr. Slaughter, who is a fellow of the I.E.E.E. and the recipient of numerous honorary doctoral degrees, serves on the Board of Directors of Monsanto, ARCO, Avery Dennison, and IBM.

MEETINGS OF THE BOARD OF DIRECTORS, COMMITTEES OF THE BOARD AND DIRECTORS' FEES

The Board of Directors schedules regular meetings throughout the year. Normally, such meetings convene at the Company's principal office in Los Angeles. Provision has been made in the Bylaws for special meetings of the Board, should they be required, and for meetings of the various committees of the Board at appropriate times. In 1993 nine meetings of the Board of Directors were held. During 1994 the Board has scheduled eight regular meetings of the Board.

7

The Company has an Audit Committee, a Compensation and Management Development Committee and a Nominating Committee, each of which is composed of at least three members, all of whom must be "Independent Outside Directors" as defined in the Company's Bylaws. The members of the Audit Committee are William F. Schmied, John T. Chain, Jr., Jack Edwards, Barbara C. Jordan, Aulana L. Peters, and John Brooks Slaughter. The members of the Compensation and Management Development Committee are Richard J. Stegemeier, Jack R. Borsting, John E. Robson, William F. Schmied and Brent Scowcroft. The members of the Nominating Committee are Jack R. Borsting, Barbara C. Jordan, Richard M. Rosenberg and John Brooks Slaughter. During 1993, the Audit Committee met five times, the Compensation and Management Development Committee met five times and the Nominating Committee met once.

The Audit Committee meets periodically with both the Company's independent auditors and the Company's chief internal auditor to review audit results and the adequacy of the Company's systems of internal controls. In addition, the Audit Committee recommends to the Board of Directors the appointment or discharge of the Company's independent auditors, and reviews each professional

service of a non-audit nature to be provided by the independent auditors to evaluate the impact on the independence of the auditors of undertaking such added services.

The Compensation and Management Development Committee recommends to the Board of Directors the base salary and incentive compensation of all elected officers, takes final action with respect to base salary and incentive compensation for certain other officers and key employees, and reviews the Company's compensation policies and management actions to assure the succession of qualified officers. In addition, this Committee establishes the Company's annual performance objectives under the Company's incentive compensation plans, recommends to the Board of Directors the amounts to be appropriated for awards under such plans, recommends to the Board of Directors awards under the Company's 1973 Incentive Compensation Plan (the "1973 Plan"), grants awards under, administers the Company's Long-Term Incentive Plans and recommends to the Board of Directors all compensation plans in which Company officers are eligible to participate.

The Nominating Committee reviews candidates to serve as directors and recommends to the Board of Directors nominees for election as directors. The activities and associations of each candidate are examined to ensure that there is no legal impediment, conflict of interest, or other consideration that might prevent service on the Board of Directors. In making its selection, the Board of Directors bears in mind that the foremost responsibility of a Northrop director is to represent the interests of the stockholders as a whole. The Committee will consider nominees recommended by stockholders if such nominations have been submitted in writing, accompanied both by a description of the proposed nominee's qualifications and an indication of the consent of the proposed nominee and relevant biographical information. The recommendation should be addressed to the Committee in care of the Secretary of the Company. In addition, the Nominating Committee makes recommendations to the Board of Directors concerning the composition and size of the Board of Directors, candidates to fill vacancies, the performance of incumbent directors, and the remuneration of Non-Employee Directors.

In addition, the Company has an Executive Committee and a Finance Committee.

During 1993, each of the directors attended at least 75% or more of all meetings of the Board of Directors and the various committees on which they serve, with the exception of Barbara C. Jordan and Brent Scowcroft.

8

Directors are compensated for their services according to a standard arrangement authorized by resolution of the Board of Directors. An annual retainer fee of \$25,000 was paid to each director and an additional fee of \$1,000 was paid to each director for every Board meeting attended during 1993. Committees of the Board usually meet on the same day as the regular Board meeting. Members of each committee who attended such meetings were compensated at the rate of \$1,000 for each such committee meeting. Committee chairmen were compensated an extra \$200 for attendance at the committee meetings for which they were chairmen. If a director performed extraordinary services for the Board at the request of the Chairman of the Board or the chairman of a committee, such director was compensated at the rate of \$1,000 per day. Directors are reimbursed for all reasonable expenses incurred by them in attending meetings of the Board of Directors or committee meetings and in performing compensable extraordinary services. Board members who are employees of the Company do not receive compensation under the above provisions.

In 1993, the stockholders approved the 1993 Stock Plan For Non-Employee Directors which provides that 20% of the retainer fee earned by each director will be paid in Northrop stock, which will be issued as soon as practicable following the close of the fiscal year, on December 31. In addition, directors may defer payment of all or a portion of their remaining retainer fees and/or their Board and Committee meeting fees. Deferred compensation may either be distributed in Northrop stock, issued as soon as practicable after the close of the fiscal year, or such compensation may be placed in a Stock Unit Account until the conclusion of a director-specified deferral period, a minimum of two

years from the time the compensation is earned. All deferral instructions must be received prior to the performance of the services for which the director is compensated. Directors are credited with dividend equivalents in connection with the Northrop stock which is distributed early in the year following the year earned or deferred into the Stock Unit Account for longer periods, pending distribution.

The Northrop Corporation Board of Directors Retirement Plan (the "Directors Plan") provides that outside directors, as defined in the Bylaws of the Company, are eligible to receive a retirement benefit pursuant to the Directors Plan if they retire from the Board following completion of at least five or more consecutive years of service as an outside Board member. Outside directors are also eligible for benefits if they are ineligible to stand for election to the Board of Directors by virtue of the fact that they will have attained age 70 prior to the Annual Meeting of Stockholders and have not completed at least five consecutive years of service as an outside director. The annual benefit payable pursuant to the Directors Plan is equal to the annual retainer fee then being paid to active directors or such lesser amount as is provided for under the Directors Plan. Benefits are payable for ten years or less (as set forth in the Directors Plan), from the retirement date of the director. In the case of the death of a director while receiving benefits, the benefits are payable to the director's surviving spouse, as defined in the Directors Plan.

9

COMPENSATION COMMITTEE

REPORT OF THE COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE

The Compensation and Management Development Committee of the Board of Directors (the "Committee") has furnished the following report on executive compensation applicable to employees elected as officers of the Company. The Committee is comprised exclusively of outside directors, all of whom are free of interlocking relationships with the Company.

COMPENSATION PHILOSOPHY

Under the direction of the Committee, the Corporation has developed and implemented compensation policies and programs that promote the attainment of the strategic business goals of the Company. As a vital element of the Company's overall plan to accomplish its mission, its compensation philosophy is designed to enable acquisition and retention of executives of exceptional ability, and to concentrate their attention, energy and skill on achieving high current performance on commitments to customers, financial results exceeding specific acceptable thresholds, and long-term prosperous growth.

Northrop executive compensation programs comprise a set of linked incentives and rewards that impel management to achieve the strategic business plan established by the Chief Executive Officer and approved by the Board of Directors. They include base salary, annually determined variable compensation referred to as incentive pay or bonus, and a long-term incentive plan based on stock ownership, appreciation and total return to shareholders. Successful accomplishment of goals tied to the business plan can produce significant individual reward. Most components of this reward are at risk and vary directly in their amount with each executive's impact on desired business results. While, in combination, these reward opportunities raise motivation, they also foster behaviors and attitudes common to owners and entrepreneurs -- creating equity partners with Company shareholders.

The Company's administration of executive total compensation is based on both performance and competitive market considerations. Base salaries of executives are targeted at a competitive market median on a job-by-job basis with individual variations explained by training, experience, skills of special value to the Company and sustained performance. Incentive compensation varies directly with Company and business element performance, and also with individual job level, scope and performance. Normalized for aforementioned individual variations, annual total cash compensation -- base salary plus incentive pay -- will be lower than competitive market median in years of below target

performance, and above competitive market median in years performance exceeds target. At the time of their initial grant, the size of individual long-term incentive awards is targeted at competitive market median.

COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 162(M)

Section 162(m) of the Internal Revenue Code (the "Code"), enacted in 1993, generally disallows a deduction to public companies for compensation over \$1 million paid to the corporation's chief executive officer and four other most highly compensated executive officers. Qualifying performance-based compensation will not be subject to the deduction limit.

Prior to the enactment of Section 162(m), the Company's stockholders approved the 1993 Long Term Incentive Stock Plan ("Stock Plan"). Initial grants of certain awards under that plan while performance-based, do not satisfy the definition of performance-based compensation under Section 162(m) and, therefore, deductions with respect to compensation related to those initial grants may

10

be lost. The 1973 Incentive Compensation Plan ("1973 Plan") is also subject to Section 162(m) of the Code. With respect to the 1973 Plan, the impact of Section 162(m) for the tax year 1994 is not expected to be material.

After the proposed Internal Revenue Service regulations for this section of the code are finalized, the Committee will determine if changes to any plans will be recommended to retain tax deductibility of compensation.

MEASUREMENT OF COMPANY PERFORMANCE

Consistent with the business plan, management in each organizational element prepares an Annual Operating Plan containing strategic, financial and supplemental business goals together with defined measures and weights for their assessment. Strategic goals focus on such factors as new product development and new business initiatives; while financial goals focus on operating earnings, cash flow and shareholder value metrics. Supplemental business goals include contract acquisition, productivity and quality improvement, work place diversity, management development, and environmental management. These goals cascade within each organizational element culminating in formation of individual performance goals specific to each salaried employee. Documented and approved in accordance with the Company's Performance Management Process, accomplishments against individual goals are evaluated on an interim basis at mid-year and, on a final basis, at year-end.

For the Named Executive Officers, three measurement factors weighted 1/3 each are used to determine annual incentive awards: pre-tax return on 3-year average shareholder equity; profitability as measured by return on assets and return on equity -- weighted equally; and supplemental business goals such as are delineated above. Associated with each financial measure is a specific numerical threshold approved by the Committee below which no value is earned. Supplemental business goals have stated milestones, objectives and numerical targets also approved by the Committee. In 1993, the category of supplemental business goals included seven corporate goals and 15 divisional goals.

Annually, the Committee reviews, approves and -- at its discretion -- modifies the Chief Executive Officer's written proposal of goals and their numerical values within each of the three measurement factors stated above. Goal performance highlights for 1993 can be found below in ANNUAL INCENTIVE COMPENSATION and in CHIEF EXECUTIVE OFFICER COMPENSATION.

COMPANY PERFORMANCE AND THE ELEMENTS OF COMPENSATION

COMPETITIVE COMPENSATION INFORMATION

In determining base salaries and incentive compensation for the Named Executive Officers, primary sources of competitive compensation information are independent surveys of industry peer companies, specifically including those in

the Standard & Poors Aerospace and Defense Index cited in the SHAREOWNER RETURN PERFORMANCE PRESENTATION following this Report. These primary sources include the Hewitt Associates MCS Project 777 Survey (Aerospace Segment) and the Towers-Perrin Summit Survey of Aerospace Companies. Secondary sources of competitive compensation information are the Consolidated Industries Segment of Project 777, the Towers-Perrin Compensation Data Bank and the Hewitt Associates Total Compensation DataBase-TM-.

Competitive award guidelines contained in the Company's Long-Term Incentive Plan Guide to Administration have been determined by a reputable independent consulting firm and adopted by the Committee.

11

BASE SALARY

At the beginning of each year, the Committee reviews, and accepts or modifies as it deems appropriate, an annual salary plan submitted by the Chief Executive Officer for the Company's senior executives (other than the Chief Executive Officer). This salary plan is developed by the Corporation's human resources staff under the ultimate direction of the Chief Executive Officer, based on independent market surveys of compensation as well as judgments of performance as to past and expected future contributions of the individual executives.

Separately, the Committee reviews the base salary of the Chief Executive Officer considering competitive compensation data and the Committee's assessment of his past performance and its expectation of his future contributions in leading the Corporation and its businesses. The Committee then presents to the Board (absent all employee-directors) its recommendations concerning both the annual salary plan for senior executives, and the salary of the Chief Executive Officer. The Board approves this submission, modified as it deems appropriate.

Measured by reputable third-party published compensation surveys of the aerospace and defense industry, the Chief Executive Officer is paid a base salary at the competitive market median. From the Hewitt/MCS '777' Ten-Hi Report, a common standard for comparing a company's compensation practices for top executives below the Chief Executive Officer, it can be concluded that the average base salary paid by the Corporation to this executive group is below the competitive market median.

ANNUAL INCENTIVE COMPENSATION

Executives, including the Named Executive Officers, are eligible for incentive pay annually under the Corporation's shareholder-approved Incentive Compensation Plan. However, no awards may be earned or paid for years in which the pre-tax return on 3-year average shareholder equity is not at least 10%, or in which no dividend is declared on common and preferred stock. When awards are payable, their total amount may not exceed 3% of the pre-tax adjusted gross margin for that year.

In years in which incentive compensation awards are payable, the Committee decides individual awards for the Named Executive Officers following its consideration of the Chief Executive Officer's report of overall corporate performance against the business measures delineated above in MEASUREMENT OF COMPANY PERFORMANCE, i.e., 1) pre-tax return on 3-year average shareholder equity, 2) profitability as measured by return on assets and return on equity -- weighted equally, and 3) supplemental business goals. The Committee determines the size of the annual incentive awards for executive officers generally by calculating the product of individual base salary, target bonus percent based on salary grade, Unit Performance Factor and an individual performance score termed Individual Performance Factor. The Unit Performance Factor, which represents the Chief Executive Officer's assessment of overall Company performance, is a single numeric value for each business unit and the Corporate Office which the Committee accepts or revises as it deems appropriate.

For 1993, performance thresholds were met with respect to dividends and exceeded with respect to pre-tax return on 3-year average shareholder equity.

However, the Company's higher target for pre-tax return on 3-year average shareholder equity and its target for profitability were not met. Below target performance in these two areas was attributable primarily to a charge to earnings on the TSSAM fixed price development program. With respect to the third performance measure, the Company significantly exceeded target performance against its written plan of supplemental goals.

12

Accompanying this performance report, the Chief Executive Officer submits recommendations to the Committee for individual incentive awards for the Named Executive Officers, except the Chief Executive Officer, which reflect their contributions to the accomplishment of annual goals and the Company's business plan.

Separately, the Committee considers an incentive compensation award for the Chief Executive Officer based on the Committee's assessment of his recent-year performance. The Committee then presents to the Board, absent all employee-directors, its recommendations concerning the incentive compensation for the Named Executive Officers, including the Chief Executive Officer. The Board considers the Committee's recommendations and approves this submission, modified as it deems appropriate.

In evaluating overall performance and formulating recommendations for annual incentive compensation for 1993 for the Named Executive Officers, including the Chief Executive Officer, the Committee considered the Chief Executive Officer's report on overall corporate performance as well as the Company's improved financial condition evidenced by improved margin rates on all major aircraft programs, an increase in shareholder's equity, reduced working capital and interest expense, and the reduction in the Company's net debt position to \$60 million, the lowest level in 10 years. These factors were listed in the Chief Executive Officer's report as "Additional Considerations" and are additional factors that were considered in determining annual incentive compensation for the named executive officers. The Committee considered all factors as a whole and took into account subjective evaluations of each named executive officer's performance to arrive at a determination of appropriate annual incentive compensation.

LONG-TERM INCENTIVE COMPENSATION

During each fiscal year, the Committee considers the desirability of granting senior executives, including the Named Executive Officers, awards under the current shareholder-approved Long-Term Incentive Stock Plan. The Committee believes that its past grants of long-term incentives have successfully focused the Corporation's senior management on building profitability and shareowner value.

The Long-Term Incentive Stock Plan provides the flexibility to grant incentives spanning a number of years in a variety of forms, including stock options, stock appreciation rights and restricted performance stock rights. The purpose of this form of compensation is to expand the performance horizon of Plan participants from several months to several years. By promoting ownership of Northrop stock, the Plan creates shareholder-managers interested in the long-term growth and prosperity of the Company. To promote retention of stock ownership, the Chief Executive Officer has given to executives strong written encouragement to acquire and hold significant amounts of Company stock.

In the Company's fiscal year ended December 31, 1993, the Committee determined to grant stock options and restricted performance stock rights to selected key managers. Making awards in the form of these two vehicles is consistent with the Committee's intention stated in Northrop's 1993 Proxy Statement to Shareholders. Since, by the Black-Scholes method, the value of a Northrop stock option at grant is approximately 1/3 the value of a restricted stock right, and since stock options are granted on an annual basis while restricted performance stock rights are granted at three-year intervals, an equal number of stock options and restricted performance stock rights were granted in 1993. In fixing grants for individuals, including the Named Executive Officers other than the Chief Executive Officer, the Committee reviewed the

Chief Executive Officer's recommendations for individual awards. The Committee approved awards taking into account the scope of accountability, record of

13

achievement and contribution and anticipated future influence on company performance of each recipient. Award recipients whose planned retirements are near may receive awards in stock options only, because restricted performance stock rights are valued at the end of a five year measurement period.

Awards under the Long-Term Incentive Stock Plan in 1993 were granted on November 17, 1993, and consisted of non-statutory stock options at fair market value and restricted performance stock rights. The performance variable governing the value of restricted performance stock rights is linked to Company total shareholder return compared to that of companies in the Standard & Poors Aerospace and Defense Index cited in the SHAREOWNER RETURN PERFORMANCE PRESENTATION that follows this Report.

DETERMINING CHIEF EXECUTIVE OFFICER COMPENSATION

In evaluating 1993 performance of the Chief Executive Officer and setting his annual incentive compensation, the Committee noted a number of important Company achievements. Following successful completion of all critical milestones in the design, development and flight test of the B-2 Bomber, the first operational aircraft was delivered in a flawless flight to the Air Combat Command at Whiteman AFB. Following this accomplishment and continued high performance to quality standards and schedule requirements, the Company secured remaining funding to complete the 20 aircraft program. The Company also won the GPS Aided Targeting System development contract to implement precision conventional weapons capability of the B-2.

Financial performance highlights in 1993 have strengthened the outlook for the Company. Increased margin rates were achieved on B-2, F/A-18 C/D, F/A-18 E/F and 747 programs. Continuing to reduce debt, Mr. Kresa announced that the Company's plan to be debt-free -- should it choose to be -- will be achieved by the end of 1994, ahead of schedule. Under Mr. Kresa's leadership total shareholder value metrics were developed and introduced into measures of future business performance and long-term compensation for the senior management team. Responding to rising health care costs, Mr. Kresa directed major changes to group insurance programs that join the Company and employees in a partnership to more effectively manage costs.

Notwithstanding these positive developments, the Committee noted Mr. Kresa's recent announcement of a loss in 1993 on the fixed price development Tri-Service Standoff Attack Missile contract. This program performance was the primary factor reducing the Company's return to shareholders and overall profitability during 1993.

In the context of overall decline in the availability of defense contracts, Mr. Kresa directed actions to address the organizational challenges the Company faces. An exhaustive Aircraft Segment Study was completed charting the Company's strategy in aircraft design, development and manufacturing, and defining critical organizational and resource requirements for the future. Teams conducting proprietary studies have narrowed the field of new business opportunities to those that leverage the unique strengths of the Company. Competencies that will be essential for future Company leaders have been defined and are being imbedded in training curricula. Finally, Mr. Kresa has intelligently and humanely guided the difficult, but necessary, task of reducing expenses and manpower while, at the same time, maintaining productivity and preserving the Company's reputation as a caring employer.

Based on its evaluation of these factors, the Committee believes that Mr. Kresa and Northrop senior management are strengthening the company's outlook for long-term profitable growth. The Committee further believes that the compensation policies, plans and programs it has implemented are motivating achievement of objectives which are crucial to the welfare of the Company and its shareholders.

Following review of competitive compensation reports and Mr. Kresa's performance and current compensation, the Committee granted Mr. Kresa an incentive compensation award to recognize his 1993 performance. Following its review of the total value of his incentive stock holdings (i.e., grants of stock and stock options under present and previous Long-Term Incentive Plans) and considering competitive market long-term incentive practices, the Committee also granted Mr. Kresa a long-term incentive award to both reward and motivate his continuing contributions to the future prosperity of the Company. Considering Mr. Kresa's performance and also that his base salary was not adjusted in 1992, the Committee adjusted his base salary effective March 1, 1993. The Summary Compensation Table on page 17 contains information detailing these actions.

- (1) Aggregated restricted shares or rights held by Named Executive Officers, valued at 12/31/93, were: K. Kresa 62,500 shares @ \$2,336,250, W.C. Solberg 14,225 shares @ \$531,731, R.R. Molleur 6,000 shares @ \$224,280, R.B. Waugh, Jr. 7,880 shares @ \$294,554. Restricted Stock Rights ("RSRs") granted under the 1987 Long-Term Incentive Plan (the "Plan") provide for the issuance of unrestricted Common Stock in yearly increments equal to 20% of the total grant, commencing within one year of the grant date. The entire RSR grant is therefore issued within five (5) years from the date of grant. RSRs with vesting dates in less than three (3) years were granted to K. Kresa on 1/02/90 for 50,000 shares, W.C. Solberg on 11/20/91 for 7,500 shares, R.R. Molleur on 2/20/91 for 5,000 shares and Richard B. Waugh, Jr. on 7/18/90 for 2,700 shares and on 11/17/92 for 4,000 shares. No dividends have been or will be paid on awards in 1991 reported in this column. Dividend equivalents will be paid on awards in 1993.

 (1) The number of Restricted Performance Stock Rights which may be earned under the 1993 Long-Term Incentive Stock Plan is based on Company total shareholder return compared to that of companies in the S & P Aerospace/Defense Index. Earnouts range over a five year performance period from 0% to 150% of the rights awarded to Mr. Kresa and from a guaranteed minimum of 30% to 150% of the rights awarded to all other Named Executive Officers. Mr. Kresa has waived the 30% guaranteed minimum. Dividend equivalents will be distributed on those shares earned over the five year period.

RETIREMENT PLANS

For purposes of illustration, the following table shows the amount of annual retirement benefits that would be accrued at age 65 under the Northrop Retirement Plan (the "Retirement Plan"), calculated on a straight life annuity basis, at selected compensation levels and years of service. The listed benefit amounts are not subject to any reduction for Social Security benefits or other offset amounts.

Actual benefits payable under the Retirement Plan are limited to the compensation limitation of Section 401(a)(17) of the Internal Revenue Code of 1986, as amended, (the "Code") and the limitations under Section 415 of the Code. The benefits which exceed these limits are payable from any one or a combination of the Company's Supplemental Retirement Income Program for Senior Executives (discussed below) or the ERISA Supplemental Plan I ("ERISA 1") and the ERISA Supplemental Program 2 ("ERISA 2") (collectively, the "Supplemental Retirement Plans").

Compensation covered by the plans is defined by Income Tax Regulation Section 1.415-2(d)(10) and generally includes, but is not limited to, salary and bonuses as set forth in this Summary Compensation Table. The credited years of service under the Retirement Plan and Supplemental Retirement Plans of the five individuals named in the Summary Compensation Table are as follows: Mr. Kresa, 19 years; Mr. Boileau, 4 years; Mr. Solberg, 10 years; Mr. Molleur, 3 years; and Mr. Waugh, 15 years. In addition, Mr. Solberg will receive an annual retirement benefit of \$32,059 under a separate retirement plan of a Company division.

The Supplemental Retirement Income Program for Senior Executives ("SRI"), under which certain employees are designated by the Board of Directors, provides a benefit in lieu of that otherwise payable under ERISA 1 and 2. The amount of the supplemental benefit under the SRI is equal to the greater of 1) the participant's benefit under the Retirement Plan calculated without regard to the limits imposed under Section 415 and 401(a)(17) of the Internal Revenue Code, as amended, or 2) a fixed percentage of the participant's final average salary (highest 3 years out of last 5) equal to 30% at age 55, increasing 4% for each year up to and including age 60, and increasing 2% for each year beyond age 60 to 65; less the benefit allowable under the Retirement Plan. Mr. Kresa is the only Named Executive Officer currently participating in the SRI. SRI eligibility, in addition to designation by the Board of Directors, requires the attainment of age 55 and 10 years of vesting service. The vesting service requirement may be waived by the Chief Executive Officer. The following table illustrates the total annual retirement benefit from the Retirement Plan and the SRI.

CHANGE OF CONTROL AGREEMENT

The Corporation recently adopted a plan which permits it to enter into special severance agreements ("Agreements") with key employees, such employees being designated from time to time by the Compensation and Management Development Committee (the "Committee") of the Board of Directors. The Committee has designated key employees, including Messrs. , , , and . The purpose of the Agreements is to encourage the key employees to continue to carry out their duties in the event of the possibility of a change

in control of the Corporation. Payments under the special severance agreements would be made only if there is (i) a Change in Control of the Corporation; (ii) if the key employee is then in the employ of the Corporation; and (iii) the key employee's employment is terminated other than for narrowly defined causes.

Generally, a "Change in Control" shall be deemed to have occurred if there is a consolidation or merger of the Company and the Company is not the surviving corporation. A Change in Control shall also be deemed to have occurred (i) in connection with the sale, lease or transfer of substantially all of the assets of the Company, (ii) if the shareholders approve a plan or proposal for the liquidation or dissolution of the Company, (iii) if any person (other than a trust established pursuant to an employee benefit plan of the Company) becomes the beneficial owner of 15% or more of the Company's outstanding stock, or (iv) if during any two-year period the majority of the Company's directors shall cease to be "continuing Directors." "Continuing Director" shall mean a director who was a director of the Company at the beginning of any two year period, as well as any person whose election or nomination as a director was approved by two-thirds of the then Continuing Directors.

The Executive shall be entitled to certain benefits upon a termination of employment within the thirty-month period following a Change in Control except a termination of employment resulting from the Executive's death, a termination by the company for "cause" or "disability", or a termination by the Executive for "good cause."

In the event of a termination which required the Company to make payments under this Agreement, the Executive shall be entitled to: (i) full base salary through the date of termination, (ii) severance pay equal to 2.99 X the Executive's Full Base Amount (as defined under the Internal Revenue Code of 1986 as amended), (iii) medical, dental and life insurance benefits substantially similar to those to which Executive was receiving immediately prior to the Change in Control, and (iv) all deferred accrued and bonus vacation pay pursuant to policies in effect immediately prior to the Change in Control.

21

If any portion of the key employee's severance compensation under the Agreement (i) exceeds the total amount of payments or benefits which could be received by the key employee from the Corporation without any portion thereof constituting a nondeductible "excess parachute payment" pursuant to Section 280G of the Code; or (ii) is subject to the excise tax imposed by Section 4999 of the Code, such payments or benefits shall be reduced to the extent necessary to comply with the limitation. Such reduction shall be made in the order and manner determined by the key employee as soon as administratively practicable following the change in control.

MANAGEMENT CONTRACTS

Coincident with the election of Mr. Oliver C. Boileau, Jr. as Vice President, President and General Manager, B-2 Division in December, 1989, Northrop entered into a five-year employment agreement with him. Under the agreement, Mr. Boileau is entitled to an annual base salary of not less than \$350,000 with participation in the Company's bonus and other plans. If Mr. Boileau's employment is terminated without cause, he will be entitled to a final pro-rata payment not greater than three times his then current salary. The agreement also provides for the grant of 100,000 Stock Options for Northrop Common Stock with companion Stock Appreciation Rights with a five-year vesting schedule. On December 21, 1992, Mr. Boileau, voluntarily and without consideration, surrendered 60,000 unvested tandem stock appreciation rights.

Under the terms of his employment agreement, in the event Mr. Boileau is terminated prior to December 10, 1994 the Company will provide a straight life retirement benefit of \$60,000 per year for life plus a pro-rata portion of \$40,000, determined by dividing \$40,000 by 24 and multiplying the quotient by the number of months employed since the third anniversary of his agreement. The retirement benefit will be payable at the time of termination either through the Northrop Retirement Plan and the Supplemental Retirement Income Plan for Senior Executives or through a Deferred Annuity. If Mr. Boileau continues employment

for a full five years (until December 10, 1994), the Company will provide a straight life retirement benefit of \$100,000 per year for life.

CERTAIN TRANSACTIONS

Mr. Rosenberg is the Chairman of the Board and Chief Executive Officer of BankAmerica Corporation. Bank of America is participating as Co-Agent in the Company's 1994 Credit Agreement among the Company, Bank of America and certain other banks. During 1993, Bank of America was one of a group of banks participating in the Company's credit facilities including the 1987 Credit Agreement and the 1990 Credit Agreement (the "Credit Agreements") among the Company, Bank of America and certain other banks. During 1993, Bank of America was prepared to extend up to \$56 Million on a committed basis to the Company under the Credit Agreements. During 1993, \$227,098 in fees and interest were paid to Bank of America under the terms of the Credit Agreements. In 1993, the Company also paid fees in the approximate aggregate of \$48,855 to Bank of America in compensation for various ancillary services such as cash management and letters of credit.

Management believes the terms of the foregoing transactions were competitive or were as favorable to the Company as could have been obtained from other entities having no affiliation with the Company.

Mr. Edwards is a senior partner at the law firm of Hand, Arendall, Bedsole, Greaves & Johnston. Hand Arendall has been a consultant for Northrop Corporation during the past year and continues this status. Pursuant to this Consulting Agreement, Hand Arendall provides analyses and advice with respect to pending and proposed legislation. During 1993 the Company paid Hand Arendall consulting fees of \$92,072 under this Agreement.

22

Ms. Peters is a senior partner at the law firm of Gibson, Dunn & Crutcher. A partner of Gibson, Dunn & Crutcher has been a consultant for Northrop Corporation providing analysis and advice with respect to pending and proposed legislation. No fees were paid under this Agreement in 1993. Gibson Dunn has represented Northrop in various legal matters and continues to do so.

VOTE REQUIRED

The affirmative vote of a majority of the shares of Common Stock voting at the Annual Meeting (with each share entitled to one vote), provided a quorum is present, is required for the election of directors. THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE FOUR NOMINEES FOR DIRECTOR LISTED ABOVE.

APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors recommends that the stockholders ratify the Board's appointment of Deloitte & Touche as the independent auditors of the Company for 1994. Deloitte & Touche served the Company as its independent auditors for 1993. Should the stockholders fail to ratify the appointment of Deloitte & Touche, the Board of Directors will consider this an indication to select other auditors for the following year.

A representative of Deloitte & Touche will be present at the Annual Meeting of Stockholders and will be offered an opportunity to make a statement if he so desires. He will also be available to answer appropriate questions from stockholders.

VOTE REQUIRED

The affirmative vote of a majority of the shares of Common Stock voting at the Annual Meeting (with each share entitled to one vote), provided a quorum is present, is required for approval of this proposal. THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL.

COMPLIANCE WITH SECTION 16(A) OF THE SECURITIES EXCHANGE ACT

Section 16(a) of the Securities Exchange Act requires the Corporation's officers and directors, and persons who own more than ten percent of a registered class of the Corporation's equity securities, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission (SEC) and the New York Stock Exchange. Officers, directors and greater than ten percent shareowners are required by SEC regulation to furnish the Corporation with copies of all Forms 3, 4 and 5 they file.

Based solely on the Corporation's review of the copies of such forms it has received and written representations from certain reporting persons that they were not required to file Forms 5 for specified fiscal years, the Corporation believes that all its officers, directors, and greater than ten percent beneficial owners complied with all filing requirements applicable to them with respect to transactions during fiscal 1993, except Charles L. Jones, Jr., who reported on December 31, 1993 the sale of 860 shares on October 26, 1993 and the sale of 860 shares on December 15, 1992.

APPROVAL OF AMENDMENT TO CERTIFICATE OF INCORPORATION

The Board of Directors has approved, and recommends to the stockholders of the Company, the adoption of an amendment to the Company's Certificate of Incorporation to change the corporate name from "Northrop Corporation" to "Northrop Grumman Corporation." In connection with the Company's acquisition of []% of the outstanding shares of Common Stock of Grumman Corporation, the Board

23

of Directors has approved the proposed change in the name of the Company in order to preserve the proud heritage of the Grumman name in U.S. military aviation. The Company believes that the name change is an appropriate reflection of its commitment to the combined Northrop/Grumman entity.

VOTE REQUIRED

The affirmative vote of the holders of a majority of the issued and outstanding shares of Common Stock entitled to vote at the Annual Meeting (with each share entitled to one vote), provided a quorum is present, is required for approval of this proposal. THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL.

MISCELLANEOUS

VOTING ON OTHER MATTERS

At the time of filing this Proxy Statement with the Securities and Exchange Commission, management was not aware of any matters not referred to herein that will be presented for action at the Annual Meeting. If any other matters properly come before the Annual Meeting, it is intended that the shares represented by proxies will be voted with respect thereto in accordance with the judgment of the persons authorized to vote them.

PROPOSAL OF SECURITY HOLDERS

Copies of proposals which security holders of the Company wish to be included in the Company's proxy statement relating to its Annual Meeting to be held in 1995 must be received by the Company no later than December 1, 1994.

Copies of such proposals of security holders should be sent to the Corporate Secretary, Northrop Corporation, 1840 Century Park East, Los Angeles, California 90067.

COST OF SOLICITING PROXIES

The cost of soliciting proxies in the accompanying form has been or will be paid by the Company. In addition to solicitation by mail, arrangements will, where appropriate, be made with brokerage houses and other custodians, nominees and fiduciaries to send proxy materials to beneficial owners, and the Company

will, upon request, reimburse them for their reasonable expenses in so doing. The Company has retained Georgeson & Company Inc. of New York to aid in the solicitation of proxies at an estimated fee of \$10,000 plus reasonable disbursements. Officers, directors and regular employees of the Company may request the return of proxies personally, by means of materials prepared for stockholders and employee-stockholders or by telephone or telegram to the extent deemed appropriate by the Board of Directors. No additional compensation will be paid to such individuals for this activity. The extent to which this solicitation will be necessary will depend upon how promptly proxies are received; therefore, stockholders are urged to return their proxies without delay.

Sheila M. Gibbons
CORPORATE VICE PRESIDENT AND SECRETARY
