The DLA Land and Maritime Supply Center recognizes contractors and suppliers on an annual basis, with this year's awards covering a timeframe of January 2012 to January 2013. The PPSC received its gold award for a perfect score of 100.

"We were very excited to receive this award as we're keenly focused on meeting our customers' and the warfighters' expectations," said Andy Jessen, Northrop Grumman PPSC program manager. "This award reminds us how important our work is and motivates us to provide the best support for our customers."

The PPSC provides DLA and Naval Supply Systems Command with airframe spare parts and repair assets for the E-2C Hawkeye, EA-6B Prowler, A-10 Thunderbolt and C-2 Greyhound aircraft. The center submits more than 400 proposals and delivers more than 600 discrete parts annually to its customers.

"This award recognizes our team as a leader in post-production support logistics," said Jessen. "We have highly experienced and dedicated professionals who are mission focused and truly appreciate this award."

Northrop Grumman is a leading global security company providing innovative systems, products and solutions in unmanned systems, cyber, C4ISR, and logistics and modernization to government and commercial customers worldwide.
