

Northrop Grumman to Showcase Naval Innovation at Navy League's Sea-Air-Space 2015 Exposition

April 9, 2015

Joint US Navy/Northrop Grumman Media Briefings Reinforce Strong Partnerships

FALLS CHURCH, Va., April 9, 2015 /PRNewswire/ -- Northrop Grumman Corporation (NYSE: NOC) will highlight the proven performance and cost-effectiveness of its current and future U.S. Navy systems during the Navy League's 2015 Sea-Air-Space Exposition. The annual event will be held April 13-15 at the Gaylord National Resort and Conference Center, National Harbor, Maryland.

In booth #2105, Northrop Grumman will feature a full spectrum of capabilities from across the company including the E-2D Advanced Hawkeye, X-47B UCAS-D, MQ-4C Triton, MQ-8C Fire Scout, AN/ALQ-240 Airborne Maritime Patrol Systems, AQS-24A/USV Minehunting System, Battlefield Airborne Communications Node (BACN), the MK-39 MOD 4A Ring Laser and the AN/SPQ-9B Radar.

Media briefings and demonstrations will showcase how the company supports the Navy's evolving requirements with innovative and affordable systems. Details about the media briefings are below and are posted on the company's online media kit: <http://www.northropgrumman.com/MediaResources/MediaKits/SeaAirSpace/Pages/default.aspx>.

For more information, please contact Kirsti Dunn at 301-769-1068 or kirsti.dunn@ngc.com.
