ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

On October 22, 2008, Northrop Grumman Corporation (the "Company") issued a press release announcing its financial results for the quarter ended September 30, 2008, under the heading "Northrop Grumman Reports Third Quarter 2008 Results." The press release is furnished as Exhibit 99.

ITEM 7.01. REGULATION FD DISCLOSURE.

Recent declines in the financial markets have impacted the market values of assets in the Company's defined benefit pension plans, and these conditions could lead to significant future increases in pension costs measured in accordance with both accounting principles generally accepted in the United States of America (U.S. GAAP) and U.S. Cost Accounting Standards (CAS). In connection with its scheduled conference call with analysts to discuss third-quarter earnings, the Company plans to discuss the potential effects of these market conditions on its future net pension adjustment amounts. The net pension adjustment represents the difference between pension expense determined in accordance with U.S. GAAP and pension expense allocated to the operating sectors and determined in accordance with CAS.

ITEM 9.01. FINANCIAL STATEMENTS AND EXHIBITS.

Northrop Grumman Reports Third Quarter 2008 Results

- Earnings Per Share from Continuing Operations Increase 6 Percent to \$1.50
- Guidance for 2008 Earnings from Continuing Operations Raised to \$5.10 to \$5.20 Per Share
- Sales Increase 6 Percent to \$8.4 Billion
- Cash from Operations Increases to \$1.4 Billion; Free Cash Flow Increases to \$1.2 Billion
- New Business Awards Total \$11.5 Billion; Record \$70.1 Billion Backlog
- Stock Repurchases Total 10.8 Million Shares in Q3 2008; 21.2 Million Shares Year-to-Date

LOS ANGELES — Oct. 22, 2008 — Northrop Grumman Corporation (NYSE: NOC) reported that third quarter 2008 earnings from continuing operations increased to \$509 million, or \$1.50 per diluted share, compared with \$489 million, or \$1.41 per diluted share, in the third quarter of 2007. Third quarter 2007 earnings from continuing operations included an after-tax gain of \$21 million, or \$0.06 per share, for the reorganization of AMSEC LLC. Sales for the 2008 third quarter increased 6 percent to \$8.4 billion from \$7.9 billion in the 2007 third quarter. Cash provided by operations for the 2008 third quarter increased 35 percent to \$1.4 billion compared with \$1 billion in the prior year period.

Operating Highlights

| | Third Quarter | | | Nine Months | | | |
|--|---------------|----------|-----------|-------------|----------|-----------|--|
| (\$ millions except per share data) | 2008 | 2007 | Change | 2008 | 2007 | Change | |
| Sales | \$ 8,381 | \$ 7,871 | 6% | \$24,733 | \$23,063 | 7% | |
| Operating income | 771 | 806 | (4%) | 2,041 | 2,259 | (10%) | |
| as a % of sales | 9.2% | 10.2% | (100 bps) | 8.3% | 9.8% | (150 bps) | |
| Earnings from continuing operations | \$ 509 | \$ 489 | 4% | \$ 1,255 | \$ 1,355 | (7%) | |
| Diluted EPS from continuing operations | 1.50 | 1.41 | 6% | 3.65 | 3.86 | (5%) | |
| Net earnings | 512 | 489 | 5% | 1,271 | 1,336 | (5%) | |
| Diluted EPS | 1.51 | 1.41 | 7% | 3.69 | 3.81 | (3%) | |
| Cash from operations | 1,373 | 1,015 | 35% | 2,174 | 2,156 | 1% | |
| Free cash flow ¹ | 1,183 | 873 | 36% | 1,630 | 1,636 | (0%) | |

¹ Free cash flow is a non-GAAP measure defined as cash from operations less capital expenditures and outsourcing contract & related software costs. Management uses free cash flow as an internal measure of financial performance.

"This was a strong quarter for Northrop Grumman," said Ronald D. Sugar, Northrop Grumman chairman and chief executive officer. "We posted higher sales and earnings, and based on the strength of the quarter we are raising our guidance. New business awards were outstanding and drove our total backlog to a record of more than \$70 billion. As expected, cash generation increased dramatically. Our strong cash flow, ample liquidity, and record backlog are a solid foundation for the future and reflect the hard work and dedication of our 120,000 employees."

Segment operating income for the 2008 third quarter totaled \$768 million compared with \$816 million in the prior year period. The decline is primarily due to lower operating income in Shipbuilding and Information Technology than in the prior year period. Third quarter 2007 Shipbuilding operating income included \$45 million for favorable contract adjustments and \$22 million for a pre-tax gain on the AMSEC reorganization. Third quarter 2008 segment operating income was impacted by a \$57 million negative contract adjustment for Information Technology's New York City wireless program, which was partially offset by patent infringement settlements of \$40 million in Electronics.

Operating income for the 2008 third quarter totaled \$771 million compared with \$806 million in the prior year period. The decrease is due to the decline in segment operating income and higher reversal of royalty income, which more than offset improvements in corporate unallocated expenses and net pension expense.

Interest expense improved by \$10 million compared with the prior year period. Other income increased by \$38 million due to higher royalty income than in the prior year period.

Federal and foreign income taxes for the 2008 third quarter totaled \$233 million compared with \$240 million in the third quarter of 2007. During the 2008 third quarter the company recognized tax benefits totaling \$21 million, primarily attributable to settlement of audits of TRW tax returns for the years 1999 through 2002. The effective tax rate applied to income from continuing operations for the 2008 third quarter was 31.4 percent compared with 32.9 percent in the 2007 third quarter.

Net earnings for the 2008 third quarter increased 5 percent to \$512 million, or \$1.51 per diluted share, from \$489 million, or \$1.41 per diluted share, for the same period of 2007. Earnings per share are based on weighted average diluted shares outstanding of 340.1 million for the third quarter of 2008 and 352.6 million for the third quarter of 2007. The weighted average share count reflects the net effect of share repurchases and the redemption or conversion of 6.4 million mandatorily redeemable convertible preferred shares into common shares on or before April 4, 2008. Weighted average shares outstanding for the 2007 third quarter include the dilutive effect of 6.4 million shares of the company's mandatorily redeemable convertible preferred stock.

New business awards totaled \$11.5 billion, resulting in a record total backlog of \$70.1 billion for the company as of Sept. 30, 2008. Total backlog includes funded backlog and firm orders for which funding is not currently contractually obligated by the customer.

Cash Flow Highlights

| | | Third Quarte | r | | Nine Months | | |
|---|----------|--------------|--------|----------|-------------|-----|------|
| (\$ millions) | 2008 | 2007 | Change | 2008 | 2007 | Cha | ange |
| Cash from operations | \$ 1,373 | \$ 1,015 | \$ 358 | \$ 2,174 | \$ 2,156 | \$ | 18 |
| Less: | | | | | | | |
| Capital expenditures | 167 | 133 | (34) | 444 | 431 | | (13) |
| Outsourcing contract & related software costs | 23 | 9 | (14) | 100 | 89 | | (11) |
| Free cash flow ¹ | \$ 1,183 | \$ 873 | \$ 310 | \$ 1,630 | \$ 1,636 | \$ | (6) |

1 Free cash flow is a non-GAAP measure defined as cash from operations less capital expenditures and outsourcing contract & related software costs. Management uses free cash flow as an internal measure of financial performance.

Cash provided by operations in the 2008 third quarter increased to \$1.4 billion from \$1 billion in the prior year period, and free cash flow increased to \$1.2 billion. The increase reflects substantially improved working capital and lower cash taxes.

Cash Measurements, Debt and Capital Deployment

| (\$ millions) | 9/3 | 0/2008 | 12/ | 31/2007 |
|--|-----|--------|-----|---------|
| Cash & cash equivalents | \$ | 1,016 | \$ | 963 |
| Total debt | | 3,944 | | 4,055 |
| Net debt ¹ | | 2,928 | | 3,092 |
| Mandatorily redeemable convertible preferred stock | | _ | | 350 |
| Net debt to total capital ratio ² | | 14% | | 14% |

¹Total debt less cash and cash equivalents.

²Net debt divided by the sum of shareholders' equity and total debt.

Cash and cash equivalents totaled \$1 billion at Sept. 30, 2008 compared with \$963 million at Dec. 31, 2007, and total debt was \$3.9 billion at Sept. 30, 2008. Changes in cash and cash equivalents and total debt include the following cash deployment, investing and financing actions during the first nine months of 2008:

- \$1.5 billion for share repurchases
- \$444 million for capital expenditures and \$100 million for outsourcing contract and related software costs
- \$395 million for dividends
- \$110 million principal payments of long-term debt
- \$95 million proceeds from exercises of stock options and issuance of common stock
- \$175 million proceeds from the sale of the company's Electro-Optical Systems business

Northrop Grumman Corporation

| | | | | | | |

¹Segment operating income is a non-GAAP measure used as an internal measure of financial performance for the four businesses.

Beginning with 2008 second quarter results, the company transferred certain missile systems programs from Mission Systems to Space Technology. Schedule 6 provides previously reported quarterly financial results and the adjustments for first and second quarter 2008 realignments and the second quarter 2008 sale of Electro-Optical Systems.

²Net pension adjustment includes pension expense determined in accordance with GAAP less pension expense allocated to the business segments under U.S. Government Cost Accounting Standards.

Information & Services

| | | Third Quarter (\$ millions) | | | | | |
|------------------------|---------|-----------------------------|----------|---------|-------------------|----------|--|
| | | 2008 Operating % | | | 2007 Operating | % | |
| | Sales | Income | of Sales | Sales | Income | of Sales | |
| Mission Systems | \$1,417 | \$ 128 | 9.0% | \$1,249 | \$ 125 | 10.0% | |
| Information Technology | 1,085 | 37 | 3.4% | 1,107 | 72 | 6.5% | |
| Technical Services | 607 | 31 | 5.1% | 573 | 28 | 4.9% | |
| | \$3,109 | \$ 196 | 6.3% | \$2,929 | \$ 225 | 7.7% | |

Information & Services third quarter 2008 sales increased 6 percent, primarily due to a 13 percent increase in Mission Systems sales. Operating income declined 13 percent, and as a percent of sales, totaled 6.3 percent compared with 7.7 percent. Higher sales and operating margin in Mission Systems and Technical Services were offset by a negative contract adjustment in Information Technology.

Mission Systems sales increased 13 percent due to higher volume for intelligence, surveillance & reconnaissance programs and command, control & communications programs. Operating income increased 2 percent and as a percent of sales, totaled 9 percent compared with 10 percent in the prior year period. Higher operating income reflects higher volume than in the prior year period. The change in rate is attributable to fewer positive performance-related contract adjustments in this quarter than in the prior year period.

Information Technology sales declined 2 percent. Third quarter 2008 sales include higher volume for defense, intelligence and civilian agencies. Higher sales for these programs were offset by lower sales for commercial, state and local programs. Operating income declined 49 percent and as a percent of sales declined to 3.4 percent from 6.5 percent. The declines in sales, operating income and rate are due to a \$57 million negative performance adjustment for the New York City Wireless program. The adjustment includes provisions related to a key supplier as well as a revised estimate of cost to complete the program. Third quarter 2007 operating income included negative adjustments for state and local IT outsourcing programs, including \$22 million in increased amortization of deferred and other outsourcing costs.

Technical Services sales rose 6 percent due to higher volume for life cycle optimization and engineering programs. Operating income increased 11 percent, and as a percent of sales, increased to 5.1 percent from 4.9 percent in the prior year period. The improvement in operating income and rate reflects higher volume, a greater percentage of higher margin life cycle optimization and engineering programs than in the prior year, and improved performance for those programs.

Aerospace

| | | Third Quarter (\$ millions) | | | | | |
|--------------------|---------|-----------------------------|----------|---------|-----------|----------|--|
| | | 2008 | | | 2007 | | |
| | | Operating | % | | Operating | % | |
| | Sales | Income | of Sales | Sales | Income | of Sales | |
| Integrated Systems | \$1,345 | \$ 144 | 10.7% | \$1,255 | \$ 145 | 11.6% | |
| Space Technology | 1,079 | 90 | 8.3% | 1,001 | 79 | 7.9% | |
| | \$2,424 | \$ 234 | 9.7% | \$2,256 | \$ 224 | 9.9% | |

Aerospace third quarter 2008 sales increased 7 percent from the prior year period and include higher volume for both Integrated Systems and Space Technology. Aerospace third quarter 2008 operating income increased 4 percent, and as a percent of sales, totaled 9.7 percent compared with 9.9 percent in the prior year period.

Integrated Systems sales increased 7 percent due to higher volume for the UCAS-D, F/A-18, B-2, and restricted programs, partially offset by lower volume for the F-35 program. Operating income was comparable to the prior year period, and as a percent of sales totaled 10.7 percent compared with 11.6 percent in the prior year period. The decline in margin rate reflects initial lower margin on new programs and higher unallowable expenses than in the prior year period.

Space Technology sales increased 8 percent, primarily due to higher volume for restricted programs, and the Kinetic Energy Interceptor, NPOESS, and James Webb Space Telescope programs. Higher volume for these programs was partially offset by lower volume for the Advanced Extremely High Frequency and Space Radar programs. Operating income increased 14 percent, and as a percent of sales improved to 8.3 percent from 7.9 percent. The improvement in operating income and rate is due to higher volume as well as the achievement of technical performance milestones and risk reduction on several programs.

Electronics

| Third Quarter (\$ Millions) | | | | | | |
|-----------------------------|-----------|-------|---------|-----------|-------|--|
| | 2008 | | | 2007 | | |
| | Operating | % of | | Operating | % of | |
| Sales | Income | Sales | Sales | Income | Sales | |
| \$1,814 | \$ 264 | 14.6% | \$1,577 | \$ 211 | 13.4% | |

Electronics third quarter 2008 sales increased 15 percent from the prior year period principally due to higher unit deliveries of land forces products and combat avionics systems, as well as higher sales for surveillance systems and postal automation programs.

Electronics third quarter 2008 operating income increased 25 percent, and as a percent of sales, increased to 14.6 percent from 13.4 percent. Third quarter 2008 operating income includes \$40 million of patent infringement settlements. Operating income for the 2007 third quarter included favorable performance adjustments on several programs.

Shipbuilding

| | Third Quarter (\$ Millions) | | | | | | |
|---------|-----------------------------|-------|---------|-----------|-------|--|--|
| | 2008 | | | 2007 | | | |
| | Operating | % of | | Operating | % of | | |
| Sales | Income | Sales | Sales | Income | Sales | | |
| \$1,451 | \$ 118 | 8.1% | \$1,469 | \$ 183 | 12.5% | | |

Shipbuilding third quarter 2008 sales declined 1 percent from the prior year due to lower volume for expeditionary warfare and U.S. Coast Guard programs than in the prior year period, primarily due to Gulf Coast shipyards work stoppages caused by Hurricane Gustav. Lower volume for these programs was partially offset by higher volume for aircraft carriers and surface combatants.

Shipbuilding third quarter 2008 operating income declined 36 percent from the prior year period, and as a percent of sales, totaled 8.1 percent compared with 12.5 percent in the prior year period. Third quarter 2007 operating income and margin rate included \$45 million for positive contract adjustments due to recognition of risk reduction upon completion of several contract actions, as well as a \$22 million pre-tax gain resulting from the AMSEC reorganization. Third quarter 2008 operating income and rate also reflect the impact of lower volume and a \$16 million negative contract adjustment for cost growth and schedule delays resulting from Hurricane Ike disruption to a major subcontractor on the LPD program.

Third Quarter Highlights

- Northrop Grumman employees Thomas Howes, Marc Gonsalves and Keith Stansell were safely freed in a bold rescue effort and returned to their families in the U.S. after more than five years as captives of the FARC in Colombia.
- The U.S. Navy awarded Northrop Grumman a \$5.1 billion, 7-year cost plus incentive fee contract award for detail design and construction of the Gerald R. Ford (CVN 78) nuclear-powered aircraft carrier.
- The U.S. Government Accountability Office denied a losing bidder's protest of the U.S. Navy's Broad Area Maritime Surveillance (BAMS) Unmanned Aircraft System award to Northrop Grumman, allowing the Navy and Northrop Grumman to move forward on the program.
- Northrop Grumman was one of eight companies awarded an indefinite delivery/indefinite quantity Contract Field Teams contract with a potential collective value of up to \$10.12 billion over seven years to provide modification, maintenance and repair on U.S. Air

Force, Army and Navy weapons systems and support equipment at operational installations in the United States and abroad.

- Northrop Grumman is one of 12 companies that received awards from the U.S. Air Force under the Future Flexible Acquisition and Sustainment Tool (F2AST) program, which has a ceiling value of \$6.9 billion over 10 years. The contract was to provide development, modification and depot maintenance of any Air Force system, including support systems, subsystems and components.
- The U.S. Air Force awarded Northrop Grumman a firm fixed-price contract valued at more than \$250 million over four years to provide contractor logistics services to Air Force, Army, Navy and Marine Corps C-20 aircraft.
- Northrop Grumman received a 56-month contract from Lockheed Martin Corporation worth up to \$240 million, if all options are exercised, to provide
 critical technologies for the Airborne and Maritime/Fixed Station Joint Tactical Radio System.
- The U.S. Navy ordered from Northrop Grumman a fourth lot of Improved Capability (ICAP) III airborne electronic attack systems for its fleet of EA-6B Prowlers under a firm, fixed-price, 31-month contract potentially valued at more than \$125 million.
- The U.S. Air Force awarded a \$120 million contract order to Northrop Grumman for delivery of LITENING Gen 4 targeting and sensor systems and related equipment to support the Air National Guard, Air Force Reserve Command and the U.S. Marine Corps.
- The U.S. Coast Guard commissioned the Northrop Grumman-built National Security Cutter USCGC *Bertholf* on August 4, the U.S. Coast Guard's birthday. The *Bertholf* is the most capable and technologically-advanced maritime asset in the service's 218-year existence.
- The Northrop Grumman-built amphibious transport dock ship USS Green Bay (LPD 20) was delivered to the U.S. Navy on Aug. 29, 2008.
- Northrop Grumman completed on budget and on schedule the center fuselage for the first U.S. Navy F-35 Lightning II aircraft.
- The Northrop Grumman-led team on the U.S. Missile Defense Agency's Kinetic Energy Interceptor successfully completed the third of five planned static fire tests of the second stage motor.
- The Northrop Grumman-built high-energy laser installed on the U.S. Missile Defense Agency's Airborne Laser (ABL) aircraft fired successfully in a ground test at Edwards Air Force Base, Calif. The ABL's megawatt-class laser is the most powerful directed energy weapon ever developed for airborne use.

• Northrop Grumman and the Virginia Information Technologies Agency were rated first in the nation for Enterprise Information Technology Management Initiatives by the National Association of Chief Information Officers.

About Northrop Grumman

Northrop Grumman Corporation is a global defense and technology company whose 120,000 employees provide innovative systems, products, and solutions in information and services, electronics, aerospace and shipbuilding to government and commercial customers worldwide.

Northrop Grumman will webcast its earnings conference call at 12:30 p.m. EDT on Oct. 22, 2008. A live audio broadcast of the conference call along with a supplemental presentation will be available on the investor relations page of the company's Web site at http://www.northropgrumman.com.

Note: Certain statements and assumptions in this release contain or are based on "forward-looking" information that Northrop Grumman Corporation (the "Company") believes to be within the definition in the Private Securities Litigation Reform Act of 1995 and involve risks and uncertainties, and include, among others, statements in the future tense, and all statements accompanied by terms such as "project," "expect," "estimate," "assume," "believe," "plan," "forecast," "intend," "anticipate," "guidance," "outlook," "trends," "target" or variations thereof. This information reflects the Company's best estimates when made, but the Company expressly disclaims any duty to update this information if new data become available or estimates change after the date of this release.

Such "forward-looking" information includes, among other things, financial guidance regarding sales, segment operating income, pension expense, employer contributions under pension plans and medical and life benefits plans, cash flow, and earnings per share, and is subject to numerous assumptions and uncertainties, many of which are outside the Company's control. These include the Company's assumptions with respect to future revenues; expected program performance and cash flows; returns on pension plan assets and variability of pension actuarial and related assumptions and regulatory requirements; the outcome of litigation, claims, appeals, bid protests, and investigations; hurricane-related insurance recoveries; environmental remediation; acquisitions and divestitures of businesses; joint ventures and other business arrangements; access to capital; performance issues with key suppliers and subcontractors; product performance and the successful execution of internal plans; successful negotiation of contracts with labor unions; allowability and allocability of costs under U.S. Government contracts; effective tax rates and timing and amounts of tax payments; the results of any audit or appeal process with the Internal Revenue Service; the availability and retention of skilled labor; and anticipated costs of capital investments, among other things.

The Company's operations are subject to various additional risks and uncertainties resulting from its position as a supplier, either directly or as subcontractor or team member, to the U.S. government and its agencies as well as to foreign governments and agencies; actual outcomes are dependent upon various factors, including, without limitation, the Company's successful performance of internal plans; government customers' budgetary constraints; customer changes in short-range and long-range plans; domestic and international competition in both the defense and commercial areas; technical, operational or quality setbacks that could adversely affect the profitability or cash flow of the company; product performance; continued development and acceptance of new products and, in connection with any fixed-price development programs, controlling cost growth in meeting production specifications and delivery rates; performance issues with key suppliers and subcontractors; government import and export policies; acquisition or termination of government contracts; the outcome of political and legal processes and of the assertion or prosecution of potential substantial claims by or on behalf of a U.S.

government customer; natural disasters, including amounts and timing of recoveries under insurance contracts, availability of materials and supplies, continuation of the supply chain, contractual performance relief and the application of cost sharing terms, allowability and allocability of costs under U.S. Government contracts, impacts of timing of cash receipts and the availability of other mitigating elements; terrorist acts; legal, financial and governmental risks related to international transactions and global needs for military aircraft, military and civilian electronic systems and support, information technology, naval vessels, space systems, technical services and related technologies, as well as other economic, political and technological risks and uncertainties and other risk factors set out in the Company's filings from time to time with the Securities and Exchange Commission, including, without limitation, Company reports on Form 10-K as updated by Form 8-K filed on July 29, 2008 and Form 10-Q.

- (1) Funded backlog represents unfilled orders for which funding has been contractually obligated by the customer.
- (2) Unfunded backlog represents firm orders for which funding is not currently contractually obligated by the customer.
 Unfunded backlog excludes unexercised contract options and unfunded Indefinite Delivery Indefinite Quantity contract awards.
- (3) Certain prior period amounts have been reclassified to conform to the 2008 presentation.

CONTRACT AWARDS

The value of new contract awards during the nine months ended September 30, 2008, is approximately \$31.1 billion. Significant new awards during this period include \$5.1 billion for CVN 78 *Gerald R. Ford* aircraft carrier, \$1.5 billion for the aerial refueling tanker replacement program (see below), \$1.4 billion for the DDG 1000 *Zumwalt*-class destroyer, \$1.2 billion for the Broad Area Maritime Surveillance (BAMS) Unmanned Aircraft System program (see below), \$389 million for the Vehicular Intercommunications Systems IDIQ, \$356 million for the Intercontinental Ballistic Missile (ICBM) program, and \$267 million for the F-35.

On February 29, 2008, the company won a \$1.5 billion contract awarded by the U.S. Air Force as an initial step to replace its aerial refueling tanker fleet. The losing bidder for the contract protested the award decision by the U.S. Air Force. A review of the award process was conducted by the Government Accountability Office (GAO), which issued its report on June 18, 2008 upholding the other bidder's protest. On September 10, 2008, the Secretary of Defense announced that the competition was cancelled pending the determination for a new competitive proposal and evaluation process. The company continues to carry the award in its backlog as of September 30, 2008.

On April 22, 2008, the company was awarded a contract by the U.S. Navy for the BAMS Unmanned Aircraft System. One of the other bidders for the contract subsequently protested the decision by the U.S. Navy to award the contract to the company. The GAO denied the protest on August 12, 2008, the company re-started work on the contract.

The value of new contract awards during the nine months ended September 30, 2007, is approximately \$26.2 billion. Significant new awards during this period include \$2.2 billion for LHA-6, \$875 million for the Flats Sequencing Systems/ Postal Automation program, \$623 million for the Unmanned Combat Air System Carrier Demonstration, \$510 million for the DDG 1000 *Zumwalt*-class destroyer program, \$270 million for the ICBM program, \$227 million for the F-22 program, and \$185 million for the Joint National Integration Center Research & Development program.

- (1) Non-GAAP measure. Management uses segment operating margin as an internal measure of financial performance for the individual business segments.
- (2) "As Reported" amounts are as of December 31, 2007, which reflect the results of Interconnect Technologies as a discontinued operation.
- (3) Reported amounts adjusted to reflect the Park Air / Remotec realignment, Missile Systems realignment, and the presentation of Electro-Optical Systems as a discontinued operation.

These events were previously reported in Schedule 6 of the Fourth Quarter and Year End December 2007, First Quarter 2008, and Second Quarter 2008 earnings releases.
