INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Northrop Grumman PEI Retirement Savings Plan:

We have audited the accompanying statements of net assets available for plan benefits of the Northrop Grumman PEI Retirement Savings Plan (the "Plan") as of December 31, 1998 and 1997, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 1998. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for plan benefits as of December 31, 1998 and 1997, and the changes in net assets available for plan benefits for the year ended December 31, 1998, in conformity with generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information by fund in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits is presented for the purpose of additional analysis rather than to present the net assets available for plan benefits and changes in net assets available for plan benefits of the individual funds. The supplemental information by fund is the responsibility of the Plan's management. Such supplemental information by fund has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

A. DESCRIPTION OF THE PLAN

The following description of the Northrop Grumman PEI Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a qualified profit sharing plan sponsored by the Productos Electronicos Industriales division of Northrop Grumman Electronicos, Inc. (the "Company"). The Plan includes a 401(k) feature and employer matching contributions.

The Plan was established by the Company on March 1, 1996 as a successor to the Westinghouse de Puerto Rico Retirement Savings Plan (the "Predecessor Plan"), maintained by Westinghouse de Puerto Rico, Inc. ("Westinghouse") for the benefit of Puerto Rican employees of certain Westinghouse Electric Corporation affiliated companies who became employees of the Company, and any other subsequent eligible employees of the Company.

Beginning March 1, 1996, contributions were made to the Plan. All participant balances related to the Predecessor Plan and related earnings were transferred to the Plan in 1997. During May 1997, a final valuation of plan assets was made, and assets from the Predecessor Plan were transferred to the Plan.

Effective May 1, 1997, the Plan transferred all of its assets to the Northrop Grumman Corporation PEI Pension and 401(k) Plans Master Trust (the "Master Trust"), which is administered by Bankers Trust Company, the trustee.

Effective January 1, 1998, Banco Popular de Puerto Rico replaced Bankers Trust Company as trustee of the Master Trust.

Contributions - Plan participants may contribute between 1% and 8% of total compensation, in increments of 1%. Basic allotments may be made in amounts of 1% to 4% of total compensation. Eligible employees who have authorized the maximum Basic allotment may make Supplementary allotments in amounts between 1% and 4% of total compensation. Contributions are subject to certain limitations.

The Company contributes a match of 50% of the amount of a participant's Basic allotment. The maximum matching contribution will not exceed 2% of the total compensation of the participant.

An eligible employee may roll over any amount from another qualified plan or from an individual retirement account into the Plan, provided that such rollover amount is paid to the trustee within 60 days of the date the employee received the qualifying rollover distribution.

Participant Accounts - A separate account is maintained for each participant, each of which has subaccounts. Assets of the trust are valued at the end of each calendar quarter, and on any other date, and take into account earnings and losses of the Plan along with appreciation or depreciation, expenses and distributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Plan participants are 100% vested in, and have a nonforfeitable right to, the balance of their Basic and Supplementary allotments at all times. Plan participants become 100% vested in Company contributions after three years of service and are 0% vested prior to that time. Company contributions become 100% vested upon the death of a participant. Rollovers are 100% vested at all times and are not subject to forfeiture.

Investment Options - Upon enrollment in the Plan, each participant may direct that his or her accounts be invested in any of the following three investment funds:

Northrop Grumman Fund
U.S. Equity Fund
Money Market Fund

Payment of Benefits - All withdrawals from the Plan during employment shall be paid in cash. All distributions from the Plan upon retirement, termination or death shall be paid in cash and/or shares of employer stock held in the account. A participating employee may elect to withdraw all or a portion of the vested portion of his or her account only in the case of hardship, as defined by the Plan, and may make withdrawals twice per year but not more than once per quarter. Any participant who makes a withdrawal will be suspended from making Basic and Supplementary allotments for 12 months following the withdrawal. If a participating employee retires or his or her employment is terminated, the vested portion of his or her account shall be distributed to him or her as soon as practicable following the next valuation date after retirement or termination occurs. Any nonvested portion of his or her account shall be forfeited at that time. In the case of death of a participating employee, his or her entire account shall be distributed in a lump sum to his or her beneficiary(ies).

Forfeited Accounts - Any amounts forfeited shall be used to reduce the Company's obligation to make company matching contributions under the Plan. In 1998, no employer contributions were reduced by forfeited nonvested accounts.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make

estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - In the accompanying statements of net assets available for plan benefits, the Plan's interest in the Master Trust is stated at fair value. Quoted market prices are used to value investments in the Master Trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Broker commissions, transfer taxes, and other charges and expenses incurred in connection with the purchase, sale or other disposition of securities or other investments held by the Master Trust are added to the cost of the securities or other investments, or are deducted from the proceeds of the sale or other disposition thereof, as appropriate. Taxes (if any) on the assets of the funds, or on any gain resulting from the sale or other disposition of such assets, or on the earnings of the funds, are apportioned in such a manner as the trustees deem equitable among the participants and former participants (if any) whose interests in the Plan are affected, and the share of such taxes apportioned to each person is charged against his or her account of the Plan.

Payment of Benefits - Benefits are recorded when paid. As of December 31, 1998 and 1997, benefits payable in cash to participants are \$52,205 and \$3,374, respectively.

C. INVESTMENTS

The investments of the Plan as of December 31, 1998 and 1997 are stated at fair values determined and reported by Banco Popular and Bankers Trust Company, the respective trustees, in accordance with the Master Trust Agreement established by Northrop Grumman Corporation. Proportionate interests of each participating plan are ascertained on the basis of the trustees' equitable share accounting method for master trust arrangements. Plan assets represent 84.79% and 87.25% of total net assets reported by the trustees of the Master Trust as of December 31, 1998 and 1997.

The net assets of the Master Trust at fair value consist of the following:

	December 31,	
	----- 1998	1997 -----
Assets:		
Temporary investments	\$ 643,300	\$ 552,266
Corporate stocks	614,070	516,273
Dividends and interest receivable	25	2,639
	-----	-----
Net assets of the Master Trust	\$1,257,395	\$1,071,178
	=====	=====

The Master Trust held approximately 231 and 125 shares of Northrop Grumman Corporation common stock with fair values of \$16,892 and \$14,375 at December 31, 1998 and 1997, respectively, which are included in the determination of net assets available to this Plan as of December 31, 1998 and 1997.

Investment income for the Master Trust is as follows:

	December 31,	
	----- 1998	1997 -----
Net appreciation in fair value of investments	\$ 158,883	\$ 77,293
Interest	31,202	24,325
Dividends	337	337
	-----	-----
	\$ 190,502	\$ 101,955
	=====	=====

D. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts. Distributions will only be made in the event of a complete termination.

E. TAX STATUS

The Plan is intended to be qualified under the Internal Revenue Code (the "IRC") and the Puerto Rico Income Tax Code of 1994. The Company believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC and Puerto Rico Income Tax Code of 1994.

INDEPENDENT AUDITORS' CONSENT

We consent to the incorporation by reference in Registration Statement No. 33-03959 of Northrop Grumman Corporation on Form S-8 of our report dated June 24, 1999, appearing in this Annual Report on Form 11-K of the Northrop Grumman PEI Retirement Savings Plan for the year ended December 31, 1998.
